

A-12024/7/2020-Admin 1B
Government of India
NITI Aayog

The National Institution for Transforming India is the premier policy Think Tank of India which is engaged in a number of transformational initiatives as a catalyst and an accelerator of change across sectors in partnership with Central Aayog are given Ministries and the State Governments. The three broad working areas of NITI below:-

- I. **Policy & Knowledge** – NITI Aayog is engaged in policy intervention across the sectors while designing strategic and long term policies and programmes for the Government of India. Further, it provides both directional and policy inputs as well as relevant technical advice to the Centre and States.
- II. **Innovation-** Promoting a culture of innovation and entrepreneurship by serving as a platform for promotion of world-class Innovation Hubs, Grand Challenges, Start-up businesses and other self-employment activities, particularly in rigorous technology and innovation driven area.
- III. **Monitoring and Evaluation** –Design, experiment, quasi-experiment, rigorous econometric modelling techniques and big data analytics to provide insight and feedback to drive evidence based policy and programme design.

NITI (National Institute for Transforming India) Aayog works on an ambitious health sector agenda including health financing, governance, human resource, and medical education reforms. NITI Aayog played a key role in the design and conceptualization of *Ayushman Bharat Pradhan Mantri Jan Arogya Yojana (AB-PMJAY)* -- the world's largest health insurance scheme. Last year, it launched a report titled 'Health Systems for a New India: Building Blocks' to take stock of the existing health system challenges, and with the aim to facilitate multi-sectoral and multi-stakeholder conversations on a systemic approach to reforming healthcare in India.

Few current projects at NITI Aayog, the following are mentioned to provide a clearer picture of NITI span of work:

- **Public Health Reform around Essential Public Health Functions at Centre and State levels**
- **Health financing and governance reforms:** Improving governance of Insurance architecture in India; Facilitating investment in Tier 2 and 3 City Hospitals to tackle the supply gap
- **Human Resources for health:** Supporting states on the proposed scheme for creation of a Public health cadre under the National Health Mission (NHM); developing the Proposal for development of a central level Indian Medical Services
- **Reforming primary healthcare in India**

In addition, NITI Aayog routinely reviews proposals and provides inputs to policy on the above subjects.

NITI Aayog is looking for young, talented, innovative and dynamic Professionals in **Health Sector** who desire to be a part of the team that is scripting the exciting transformation story which is unfolding in India today.
