# TABLE OF CONTENTS

A **table of contents** (TOC) is a helpful navigational tool found in books, reports, or other lengthy documents.

It provides a structured overview of the document's chapters, sections, or topics in a clear and organized manner. It allows readers to quickly locate specific information or jump to different sections of interest.

The **table of contents** typically includes headings and page numbers, enabling readers to easily navigate through the material, find relevant sections, and get a sense of the document's structure.
